VERY LATE NEWS.

Washington Dec 4.

The galleries in the House were densely crowded at noon. Mr. McPherson, Clerk, proceeded to call, as required by law, the roll of the members elected. While it was being called, Mr. Maynard of Tennessee, whose name had not been on the roll by Mr. McPherson, wanted to suggest something, but the Clerk seemed to be interrupted. After the call was completed, Mr. Maynard rose to speak again. The Clerk again ruled him out of order. One hundred and seventy-five members answered to their names.

Mr. Evans Brooks, of New York, made a speech characterized, the omission of the names from Tennessee from the roll, and demanded instant and total recall for it. He said Mr. Maynard was not a valid man from a Union and loyal state than the President of the United States was not a valid man from a disloyal and traitorous state.

Mr. Maynard was not a valid man from a Union and loyal state than the President of the United States was not a valid man from a disloyal and traitorous state.

Mr. Schuyler Colfax, of Indiana, and Hon. Tom C. Brunt, of New York, were present without.

Mr. Schuyler at 12 o'clock noon, and was about to rise by Vice President Foster.

Mr. Colfax then rose and spoke up a few words of Mr. Maynard's appointment to his place vacated by the death of Mr. Colfax.

Sat Evening Dec 2.

Trade is very dull. The cotton school has been interrupted by the incursion of the winter, while cotton manufacturers stocked with goods. Coming and going, but much more time is given to the market.

Trade will improve when the market is more active.
